DONA MUJER WOMAN

EXPOSICIÓ COLLAGE D'AFROREFERENTS FEMENINS

Three concepts that define us. Dones, references that represent us. Mujer, female icons who undertook the struggle. Women, the power of creation and resurrection.

In this exhibition, the artists **Montserrat Anguiano** and **Rubén Antón** make a transversal tour through digital collage due to the existence of more than 30 black femininities from the sixteenth century until the present day. This exhibition unites feminism, anti-racism and LGTBIQ historical memory.

Three fights that come together for the first time in this pioneering exhibition in Barcelona, including iconic women and dissident people throughout history. Lives we want to celebrate in order for them not to fall into oblivion.

Together we are one.

She is currently preparing her first anthology that talks about the sensuality and femininity of the body, the feigned, tangible and imaginary love.

Mural paintings in both public and private spaces and body art as a form of artistic expression, where the body becomes the perfect canvas to endow its static dynamism upon.

RUBÉN ANTÓN

Palma de Mallorca, 1984

He is an artist born in Palma in 1984, raised in Madrid and, as he himself says, “spoiled” in the Raval of Barcelona. His vector portraits were first exhibited in 2018 under the framework of his DRAG IS BURNING project late 2019 with 6 collective art exhibitions with LGTBIQ+ artists.

His personal project recovers the transvestite history of transformism and drag from 19th century in Barcelona with Leopoldo Frégoli, Edmont de Bries and Ernesto Foliers, through Madame Arthur, Paco España, Violeta la Burra and Carmen de Mairena to this day, thus offering a first treatment of the subject through NEOTRAVESTISMO as his first vector portrait exhibition.

Apart from NEOTRAVESTISMO, three additional exhibitions are held in Catalanian galleries and art spaces. The portrait exhibition vector on trans icons ALTA TECNOLOGÍA TRAVESTÍ ¡Que lo trans sea Ley! which has been shown at the World Art Dubai fair in the spring of 2022, the exhibition DONA MUJER WOMAN with afro iconic women throughout history, exposed by different artistic spaces in Barcelona from October 2020, and a photography exhibition documentary entitled Yani Forner. El brillante perdura on the artistic trajectory of the super vedette Yani Forner.

He also directs DE(S)GENERADAS. 70 years of living memory of transformism, an intergenerational variety show produced by the Ateneu del Raval and DRAG IS BURNING which in July 2022 has debuted in the Molino of Barcelona as part of the shows to boost the reopening of this centenary theater in the Barcelona's Parallel avenue.

He directs the DRAG IS BURNING podcast with interviews of relevant characters from the Spanish and Barcelona's queer scene. The podcast is currently in its fourth season and in 2021 has been heard in 32 countries.
